4. New Business
 - a) Planning for Region 26 Spring Weather Symposium
Alma explained what the Weather Symposium consists of and that we have an annual one each year. This is the 4th year for the Symposium. This year Greeley County was selected for the location. In the past Region 26 has done the planning and this year Alma asked for a committee from Greeley to help put the Symposium together. All in attendance agreed to be a part of the committee and the planning began. Dates and locations were discussed. Randy Dutcher working with the schools said the best location would be at the Central Valley Auditorium (the old Sacred Heart Gym – north of the Sacred Heart Church). The date was discussed to find a time that fit ahead of severe spring weather but fit into school schedules. March 20th or 21st were the two selections that might work. Stacey Bauer wanted to work with a kid's corner for weather. The next meeting date for the committee is Wednesday, October 30th at the Auditorium. Mark will work on a TV Meteorologist to come, Stacey will look at which date will fit with prom, etc. and Alma will lock in with the weather service. All will work on getting additional committee members and ideas for the event.
 - b) No other new business
